

Appl. No. 09/574,268
Amdt. dated June 2004
Reply to Office action of March 26, 2004

Amendments to the Drawings:

Please amend Figure 16 to include reference numeral 1646. Reference numeral 1646 identifies a node in product graph 1600 of Figure 16 and is referred to at page 21, line 24 of the specification. This reference numeral was inadvertently omitted from Figure 16 at the time of filing. A replacement drawing sheet showing the corrected figure is attached to this amendment. Figure 16 was the only figure on this drawing sheet when originally filed. Originally filed figures 3, 12, 13, 14, and 15 had incorrectly oriented legends. Please accept the amendments to make these legends correctly oriented.
